EDUCATION

Bachelors Degree of Graphic Design & Visual Communication
Seattle Pacific University, June 2017

WORK EXPERIENCE

Freelance: June 2017 - Present

Working with various clients in order to help them achieve their design needs. These include: printed works, such as T-shirts, brochures and stickers, and the creation of an album cover. Recently I made a website and a full re-brand for a local CPA.

Design Intern: March 2017 - June 2017
Shep Films: Seattle, WA

Created and applied printed graphic elements to props for an up-coming feature film, which is in it's final stages of development. Worked alongside illustrators, designers and other artists to find unique ways to create artifacts that seem to be from a different universe (World Building). A high attention to detail was required in order to create artifacts that told their own story, without being explicitly stated.

Communications Intern: 2015 - 2016
Trinity Lutheran College: Everett, WA

Created postcards, brochures, info-graphics and logos for Trinity, while adhering to the institutions brand guidelines. Conducted user research with high school and college students on what would entice them into coming to Trinity, and utilized our findings to create designs appropriate to our users.

Youth Associate: 2012 - 2015
Grace Community Church: Auburn, WA

Graphic Design: Print & web. Helped create various graphics used for t-shirts, posters, banners, postcards, stage-elements, logos, web graphics and other various pieces. All designs were targeted towards teen-agers, and had to appeal to them while maintaining to the ethos of the church's youth program.

Stage Design: Helped design impactful stage elements using lighting, design principles and interior design. Helped create large stage pieces via carpentry and painting.

SKILLS

- Adobe Suite: Photoshop, Illustrator, InDesign & Aftereffects
- Basic HTML and CSS
- SketchUp
- InVision
- Wordpress & Squarespace
- Microsoft Office
